

_____ 's Reading Log

For the week of _____

- Read at least 80 minutes per week. That's about 20 minutes per night Monday - Thursday. If you miss a night, you can make up for it on the weekend.
- Please read aloud with someone. You can even take turns reading to one another. It is important for you to hear someone showing you how to read fluently. Practice reading with expression!
- Read a variety of fiction and non-fiction/informational books to strengthen your comprehension and fluency skills. Read your leveled baggy book and another book of your choosing. Your partner can read aloud a book that may be too hard for you, but holds your interest. You can listen and follow along.
- Use the **Guiding Comprehension Questions** to discuss the stories you are reading. *Although you may be able to read every word in a book, if you can't understand and retell what you are reading, you cannot move up to a higher level.*
- Record your reading below and have a parent sign. **Logs are due every Monday!**
